

Slapstick
Code: **SXM528A**
Unique head design allows for straight or 90° angle injection for hard to reach injection sites. Fits all NJ Phillips injectors.

Flexible Needle Extension
Code: **WX1639**
With 800mm (31 1/2") of tubing you'll have greater flexibility and control, especially when injecting to the neck of an animal. Fits luer mount injectors. Instrument and needles sold separately.

Backpack Holder
Code: **SP1009**
Easily adjustable with comfortable padded shoulder straps and a gas bottle pouch (for powered applicators), this holder will accept a backpack in an upright or inverted position.

Holsters
Code: **WX1478 - Material**
Code: **WX997 - Plastic**
Supplied with belt. Allows for easy storage of the applicator. Suitable for left or right hand users.

Floating Hook
Code: **PM1142**
This accessory provides flexibility to the user when drenching cattle. Fixed Hooks are also available.

Draw-Offs
Code: **WX1606**
Metal spigot with 4mm (3/16"), 6mm (1/4") barb.
Code: **WX231**
28-30mm bottle neck.
Code: **WX1345**
32mm bottle neck.

Draw-Off Caps
(Pack of 2)
Code: **WX230**
20mm bottle neck.
Code: **WX1155**
Combination upright and inverted draw-off. Suits 2.5 litre and 5 litre containers with 6mm (1/4") or 9mm (3/8") feedtube.

Luer Mount Needles
(Pack of 12)
Code: **WX1508**
16G X 1/4"
Code: **WX1175**
16G X 1/2"
Code: **WX1509**
18G X 1/4"
Code: **WX1177**
18G X 1/2"
Code: **WX1609**
18G X 1"
Code: **WX1751**
22G X 1/2"

Backpacks Rigid
Code: **WX46 2.5L**
Code: **WX185 5L**
Includes draw-off cap to suit 6mm (1/4") and 9mm (3/8") bore feed tubes, along with straps and feed tube adaptor kit.

Backpacks Fully-Collapsible
Code: **SP1212**
Includes caps to suit 6mm (1/4") and 9mm (3/8") bore feed tubes, along with straps.

Lubricant
Code: **WX1510**
Packet of 2 x 15ml bottles of NJ Phillips lubricant, recommended for use with NJ Phillips instruments.

Nozzles
Code: **WX1360**
Cattle Hook, to suit PAD87 (60ml), PAD87 (60ml), PAD826 (60ml), PNA922 (60ml), PNA506 (150ml).
Code: **WX327**
Cattle, to suit PAD87 (60ml), PAD826 (60ml), PNA922 (60ml), PNA506 (150ml).
Code: **SXN384**
Horse, to suit PASD721 (12.5ml).
Code: **WX211**
Lamb, to suit PAD569 (20ml), PAD1232 (20ml), PAD9 (30ml), PAD918 (30ml), PNA921 (30ml).
Code: **WX1063**
Lamb, to suit PASD721 (12.5ml).
Code: **WX1274**
Lamb and piglet, to suit PAS564 (1ml), PAS687 (2ml), PAS1198 (5ml).

ANIMAL HEALTH PRODUCT GUIDE

It is our **attention to detail** that makes our instruments distinctive. We apply the same attention to detail when **customising instruments** to suit your needs.

NJ Phillips has a long history of working with major animal health companies around the world to **develop new application systems** or customise equipment from our existing range.

Talk to our Marketing Department or Research and Technical Team about your customising needs on **+61 2 4340 2044** or email **njp1@njphillips.com.au**

NJ Phillips is the trusted supplier of livestock **vaccination equipment** in the event of an Emergency Disease Outbreak requiring vaccination control in Australia.

Premier fast-food chains use our specially designed **food applicators** to apply mayonnaise and sauces to their burgers.

We are reducing the impact on the ecosystem and improving worker safety with the precise application technique of our **Banana Applicator**.

Our precision instruments help control Crown-of-Thorns Starfish thereby **protecting fragile reef systems** throughout the world, including the Great Barrier Reef.

Some of these instruments may not be available in all countries. NJ Phillips may stock service kits for instruments not shown in this brochure - contact your local agent or NJ Phillips for more information. A catalogue of our complete range of instruments is available on our website.

NJ Phillips...providing solutions for all your application needs.

0.5ml Poultry Injector – Metal
Code: PAS985
Precision instrument for the mass treatment of poultry. Calibrated to administer in 0.1ml increments. Minimum Order Quantity of 200. Major Kit only – WX1380

Automatic Injector with Bottle Attachment – Metal
Code: PAS685 (1ml)
Code: PAS687 (2ml)
Code: PAS265 (5ml)
Robust precision instrument for the mass treatment of livestock. 1ml calibrated to administer in 0.1ml increments, 2ml calibrated from 0.5ml – 2ml, 5ml calibrated from 0.5ml – 5ml.

Major Kits – WX749 (1ml), WX750 (2ml), WX764 (5ml)
Minor Kit – WX1118 (1ml), WX1062 (2ml), WX1059 (5ml)

Automatic Injector – Metal
Code: PAS564 (1ml)
Code: PAS686 (2ml)
Code: PAS1198 (5ml)
Major Kit – WX749 (1ml), WX750 (2ml), WX111 (5ml)
Minor Kit – WX1118 (1ml), WX1062 (2ml), WX1061 (5ml)
Vitamin ADE Kit – WX610 (5ml only)

'VaxMaster' Injector – Metal
Code: PAS1099 (5ml)
Code: PAS954 (10ml)
Compact and sturdy design for high volume injection.

Major Kit – WX1499 (5ml), WX1236 (10ml)
Minor Kit – WX1235 (5ml), WX1235 (10ml)

2ml TB Injector – Metal
Code: PAS1289
Suitable for any antigen or vaccine using 0.1ml dose. Major Kit only – WX1690

Handy Plastic Syringe
Code: PAS1199 (1ml)
Code: PAS1200 (2ml)
Code: PAS1203 (3ml)
Code: PAS1204 (5ml)
Packaged in a convenient box of ten units. No Service Kits available

'F-Grip' Injector Range – Plastic
Code: PAS817 (1ml)
Code: PAS818 (3ml)
Code: PAS819 (5ml)
Code: PAS820 (10ml)
For use with a wide variety of injectable solutions. No Service Kits available

'F-Grip' Dial-a-Dose Injector Range – Plastic
Code: PAS1394 (1ml)
Code: PAS1396 (2ml)
Code: PAS1398 (5ml)
Code: PAS1400 (10ml)
For use with a wide variety of injectable solutions. No Service Kits available

'V-Grip' Injector Range – Plastic
Code: PAS1379 (1ml)
Code: PAS1380 (2ml)
Code: PAS1381 (5ml)
Code: PAS1382 (12.5ml)
Lightweight, ergonomic design for use with a wide variety of injectable solutions. Bottle attachment models available. Major Kits Only – WX1754 (1ml), WX1755 (2ml), WX1756 (5ml), WX1757 (12.5ml)

30ml Automatic Sheep Drencher – Plastic
Code: PAD918
A high volume plastic repairable sheep drencher. Major Kit – WX1329
Minor Kit – WX1328
Luer Attachment Kit – WX1647

30ml Non-Automatic Drencher – Plastic
Code: PNA921
Single dose plastic drencher for treating small numbers of animals. Major Kit – WX1337
Minor Kit – WX1336

60ml Non-Automatic Drencher – Plastic
Code: PNA922
Single dose plastic drencher for treating small numbers of animals. Major Kit – WX1339
Minor Kit – WX1338

60ml Automatic Cattle Drencher – Metal
Code: PAD87
High quality high volume cattle drencher. Code: PAD76C
Complete with 2.5 litre backpack. Major Kit – WX1327
Minor Kit – WX1326

60ml Automatic Cattle Drencher – Plastic
Code: PAD826
A high volume plastic repairable cattle drencher. Major Kit – WX1331
Minor Kit – WX1330

Powermaster Drencher
25ml, 50ml or 65ml capacity, multiple use with sheep or cattle nozzles, fixed or floating hooks. Powered by LPG and/or compressed air.

150ml Non-Automatic Drencher – Plastic
Code: PNA506
Single dose plastic drencher for treating small numbers of animals. Major Kit – WX1077
Minor Kit – WX1074

15ml Dial-a-Dose Injector – Plastic
Code: PAS1263
Variable fixed dose at 0.5ml increments. Minor Kit only – WX1695

15ml Powermaster Injector
Code: P15G-INJ/G4 (GAS)
Code: P15A-INJ/A (AIR)
Administers in 1ml increments, this fast action injector is designed for minimal hand strain and is also available in both 2ml and 5ml bottle attachment versions. Powered by LPG and/or compressed air.

2ml Push Injector with Bottle Mount – Plastic
Code: PAS1148B
For use as an auto feed injector or a bottle mount injector for standard 20mm neck vaccine bottles. Major Kit – WX1560
We can also supply Draw-Off Caps for larger neck sizes.

Semi-Automatic Repeater – Metal
Code: PAS790 (25ml) 0.5ml graduations
Code: PAS385 (50ml) 1.0ml graduations
5 x O-Rings – WX1434 (25ml), WX1433 (50ml)
Cylinder Kit with O-Rings – WX999 (25ml), WX1111 (50ml)

Semi-Automatic Repeater – Plastic
Code: PAS802 (25ml) Doses in 0.5ml graduations.
Code: PAS803 (50ml) Doses in 1.0ml graduations.
5 x O-Rings – WX1434 (25ml), WX1433 (50ml)
Major Kit only – WX999 (25ml), WX1111 (50ml)

25ml T-Bar Pour-On – Plastic
Code: PAM1313
Designed for Cypermethrin, IGR and other pour-on products. Minor Kit only – WX1610

25ml Fan Spray Pour-On – Plastic
Code: PAM754
An economical instrument for use with most pour-on products. Minor Kit only – WX1611

30ml Fixed Dose Pour-On – Plastic
Code: PAM1038
Specifically designed for a wide range of pour-on products. Major Kit – WX1442
Minor Kit – WX1441

65ml Automatic Pour-On – Plastic
Code: PAM908
Repairable instrument designed for a wide range of pour-on products. Major Kit only – WX1482

Powermaster Pour-On
25ml, 50ml or 65ml capacity, administers in 5ml increments. Powered by LPG and/or compressed air.

Dutjet Jetting Handpiece
Code: PM675
Unique instrument for quick accurate hand jetting of sheep. Easy to clean and maintain. Handle Assembly – WX1588
