GREEN INDUSTRY PRODUCT GUIDE

Application Equipment for Forestry, Horticulture, Agriculture, Arborists and Weed Control.

- Manual & Powered Dose Application
- Spot-Sprayers
- Soil Injection
- Trunk Injection
- Banana Applicators
- Continuous Spraying Equipment

NJ Phillips...providing solutions for all your application needs.

It is our **attention to detail** that makes our instruments distinctive. We apply the same attention to detail when **customising instruments** to suit your needs.

NJ Phillips has a long history of working with companies around the world to **develop new application systems** or customise equipment from our existing range.

Talk to our Marketing Department or Research and Technical Team about your customising needs on **+61 2 4340 2044** or email njp1@njphillips.com.au

We are **reducing the impact on the ecosystem** and **improving worker safety** with the precise application technique of our Banana Applicator.

Our **portable** application systems give you **flexibility** to deliver product in densely populated areas.

Experience the benefits of our Powered range of instruments – **precise** product delivery, **effortless** trigger application and **portable** capabilities.

C. Microjet Flexible Spray System Nozzle – length 800mm (31"), can be cut to length – WX1748.

5ml Tree Injector Model 08 – Metal
Code: PAS118 comes with 68XN63 Fan Spray Nozzle (D) length 25mm (1")
 Chemical resistant cylinder graduated 1ml – 5ml, compatible with most agricultural products. Metal 5ml cylinder SM792 available on request.
Nozzle Kit (sold separately):
E. Extension Nozzle – length 460mm (18") – WX1707
Service Kits:
 Major Kit – WX110
 Minor Kit – WX260

Code: PAS37C
 PAS118 complete with 2.5 litre backpack.

12.5ml Tree Injector – Plastic
Code: PAM1005 comes with WX1412 2 Hole Spear Nozzle (A)
 Low force required to inject stem of soft tissue trees like bananas. Also for soil injection in nursery pots. Adjustable dose setting.
Service Kit:
 Cylinder Service Kit – WX1410

20ml Forestry Applicator – Metal
Code: PAM797 comes with WX1549 Stream Splatter Nozzle (M)
 Compatible with most agricultural products. Graduated in 1ml increments.
Nozzle Kits (sold separately):
 I, J, K, L, M, N, O, P, Q, R. Please note: O & P fit I & J only.
Service Kits:
 Major Kit – WX1444
 Minor Kit – WX1364

50ml Forestry Applicator
Code: P50P-F comes with WX1549 Stream Splatter Nozzle (M)
 Australian Air and Gas fittings standard with P50P-F. All other countries Air and Gas fittings available on request.
Nozzle Kits (sold separately):
 I, J, K, L, M, N, O, P, Q, R. Please note: O & P fit I & J only.
Service Kits:
 Major Kit – WX1788
 Minor Kit – WX1787

Continuous Spray – Plastic
Code: Handpiece only WX1588
 Use with high-volume, high-pressure application.
Nozzle Kits (sold separately):
 I, J, K, L, M, N, O, P, Q, R.
 Please note: O & P fit I & J only.

Wand & Accessories
Code: Wand only WX1375
 Suits all NJ Phillips Powered and 20ml instruments.
Nozzle Kits (sold separately):
 I, J, K, L, M, N, O, P, Q, R.
 Please note: O & P fit I & J only.
