

# Give it your **Best Shot**

Farmers Newsletter from Drench Gun Services

May – October 2012

***Lambing Season is coming soon...  
our 10ml Metal Lamb Drencher makes drenching Lambs a breeze!***

Robust metal construction, teamed with a great ergonomic design, makes this instrument a joy to use. You have to squeeze it to believe it!

**Code: PAD1322**

**Price: \$124 (GST Inc)**

Fully Serviceable – Kits & parts available:

WX1725 – Minor Service Kit

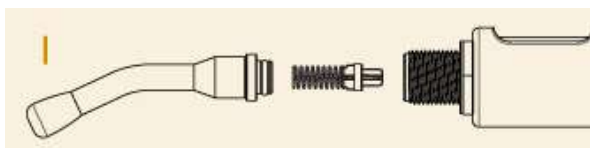

WX1726 – Major Service Kit (with Cylinder)

SH1614 – Cylinder

## Tip of the Month

**Common Problem** – product returning to the container from the applicator, or applicator will not draw product from the container.

**Remedy** – Remove the nozzle and check that there is no debris or muck on the delivery valve and spring. Rinse valve and spring and the front area of the cylinder, then wipe with a soft cloth. Reassemble, making sure the valve and spring are orientated correctly as shown in this diagram.

## See you at Fieldays®

Are you going to Mystery Creek? If so, we would love to see you. We are located in the **Mystery Creek Pavilion, site PB34** (same site as last year, for our regular visitors!).

Come and say 'hello', and see the large range of products from N J Phillips.

There are live demonstrations by Kelvin, at 10am and 2pm, on how to maintain a Drencher and Injector, and how to install a service kit.

See the voucher overleaf for a great trade-in deal for our popular 20ml Metal Drencher, and for the 10ml Metal Lamb Drencher.

## 12.5ml Plastic Multi-doser

Here's something a little bit different!

This 12.5ml Multi-doser is ideal when you don't want to mess around with setting up a feed-tube and backpack.

Instead, just put the product into the bottle provided and you're good to go.

- ☑ Great for Hobby Farmers!
- ☑ Ideal for when you only need to dose a couple of animals.
- ☑ Easy 125ml refill bottle for efficient administration of products. No feed tube required!
- ☑ Dose range – 1ml – 12.5ml
- ☑ **Fully Serviceable**, Kits Available

Code: PAD1027 | Price: \$128 (GST Inc)  
Injection Attachment available

www.drenchgun.co.nz

Site PB34 Mystery Creek® Pavilion.

Quality instruments.  Superb customer service.

**Bring in any old drench gun (working or not) and receive **\$30 OFF** a new NJ Phillips 20ml Metal Drencher or 10ml Lamb Drencher bought at Fieldays.**

***That's a 20-25% discount on RRP!***

Limit one per voucher. Available while stocks last.

**Visiting Fieldays?**  
Clip this coupon and save!

### ***And lastly... be prepared!***

As Spring approaches, we near a busy time for drenching and injecting. Make sure your equipment is ready to go, by checking it now! We can service your Drench Gun or Injector for you (charge is \$22.50 (+GST) per drencher and \$18.75 (+GST) per injector, plus whatever parts are needed to get it up and running). Or you can do it yourself, by buying the parts or Service Kits from us... and don't forget the NJP Lubricating Oil to keep them running in top shape.

### **The Good Oil...**

As you know, lubricating Drench Guns and Injectors with oil is very important to keep them in good working condition.

We recommend the N J Phillips Lubricating Oil, which is sold in a 15ml dropper bottle, to keep your instruments in tip-top shape!  
Code SP793A
